

聽歌辨識歌手

第六組 李政憲 張哲郡 游登翔 劉彥麟 張友澤

June 7, 2019

introduction

Purpose

因為當初想說其他組應該都是用抓圖片來做辨識
我們這組就想到那能不能也拿聲音去做辨識呢
就是利用音檔去辨識出我們撥放的歌手是哪位
同時 又會好奇 如果單純是用一首歌(沒有去背景音)
能不能也能順利辨識出歌手呢

Intended Audience and Reading Suggestions

Here is Section2.

Project Scope

Here is Section3.

Overall Description

Product Perspective

Product Perspective

Product Functions

輸入進去歌曲 就能讓它判斷是我們給的歌手們(分類)中的哪位
